# 35M EXHIBITION DOME

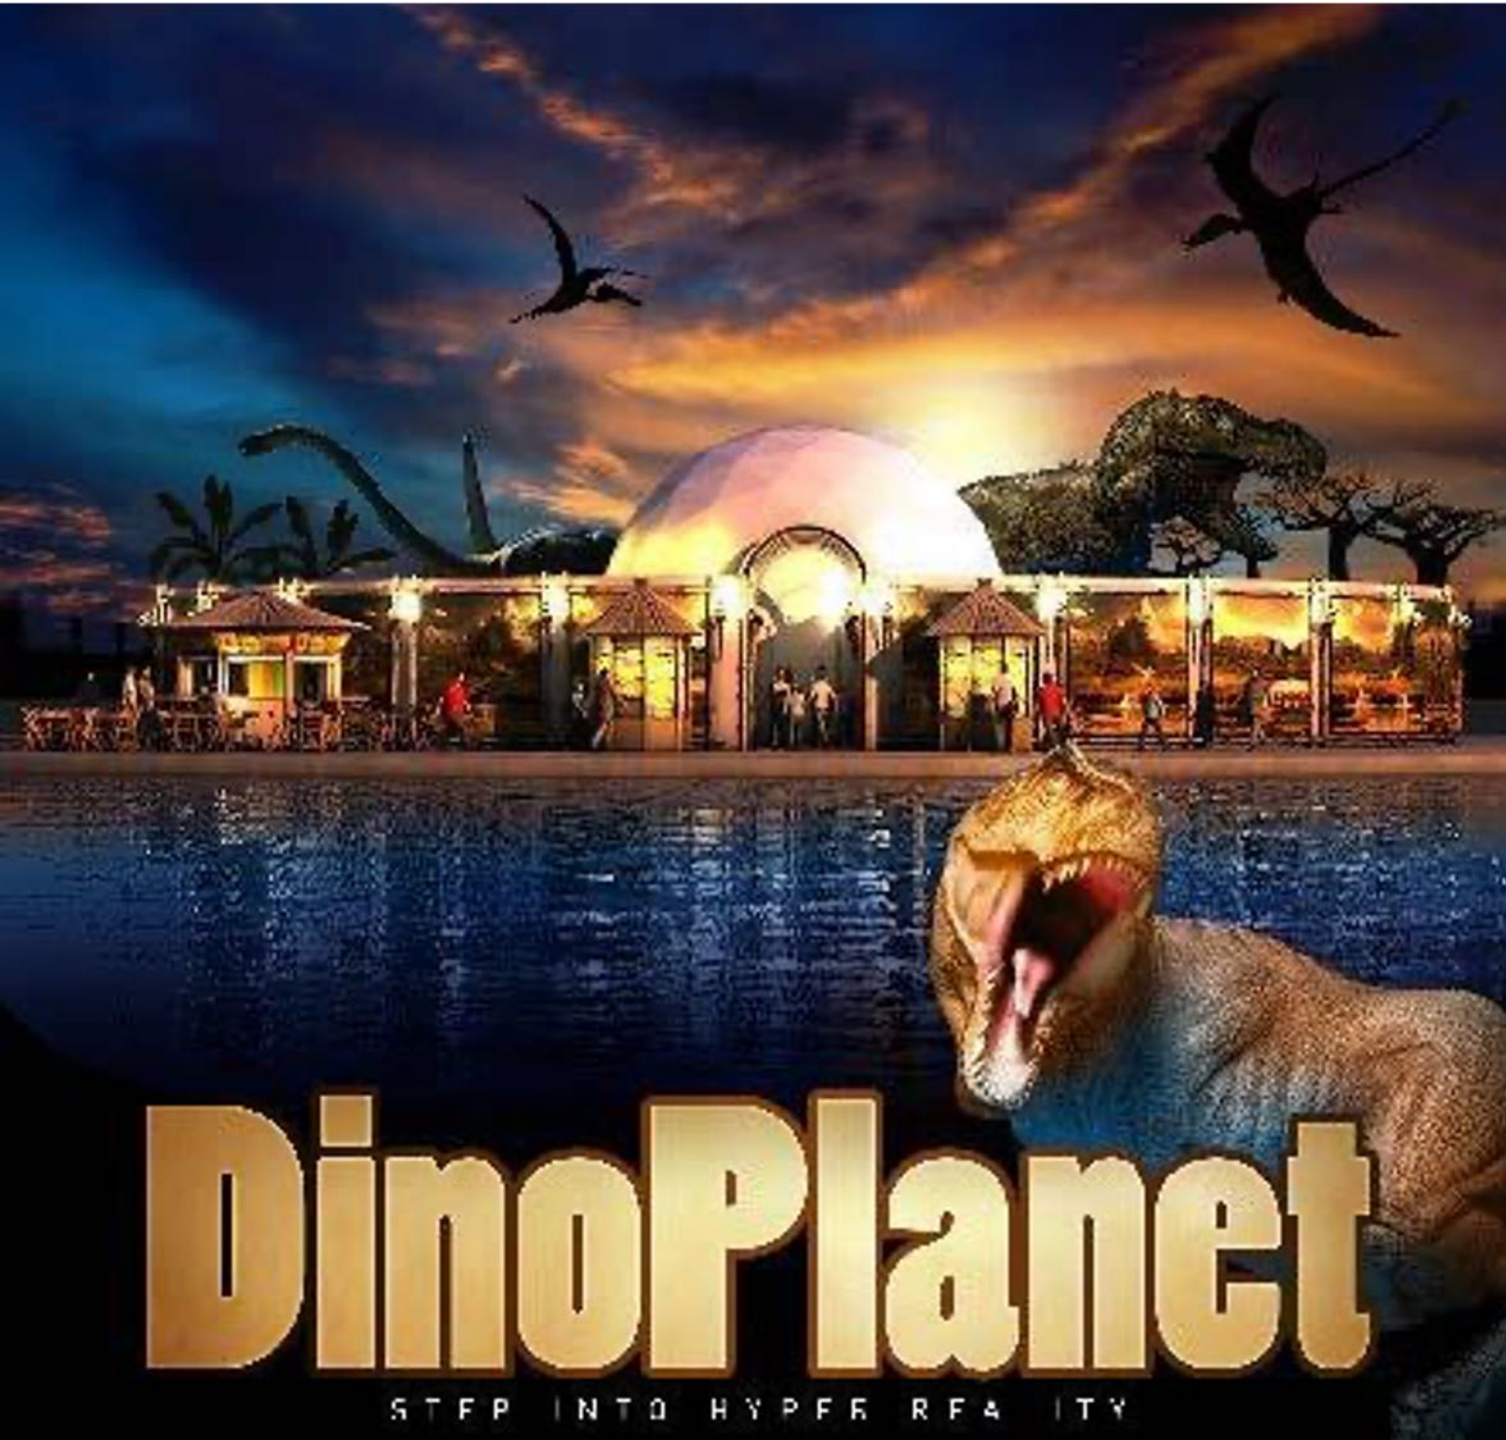

**GRAND TOTAL:**  
\$3,132,200

A large geodesic dome structure, illuminated with a warm yellow light, stands prominently in the center of the image. The dome is surrounded by a paved walkway and a body of water. Several palm trees are visible on the left and right sides. In the background, other smaller domes and structures are visible. The sky is dark with a starry pattern, suggesting a night scene. People are walking on the path towards the dome.

# 35M EXHIBITION DOME

## THE DINO PLANET

It is amazing from the moment you enter. The domed area mixed with the immersive atmosphere will make you feel like you're really part of the DINO world/period. This innovative, mobile/ modular/ traveling attraction affords guests the opportunity to actively participate with dozens of Dinosaurs and prehistoric creatures/ animals.

# THE DINO PLANET

Dino planet is a next-generation complex that will fully immerse visitors in an entertainment experience like no other. With one original theme tying everything together from start to finish, the attraction will lead you using several state-of-the-art multimedia technologies and interactive elements, including a fulldome motion ride, original 3D photo zone, interactive gigantic projection (panoramic) screen with dinosaurs world and awesome life size dinosaurs area.

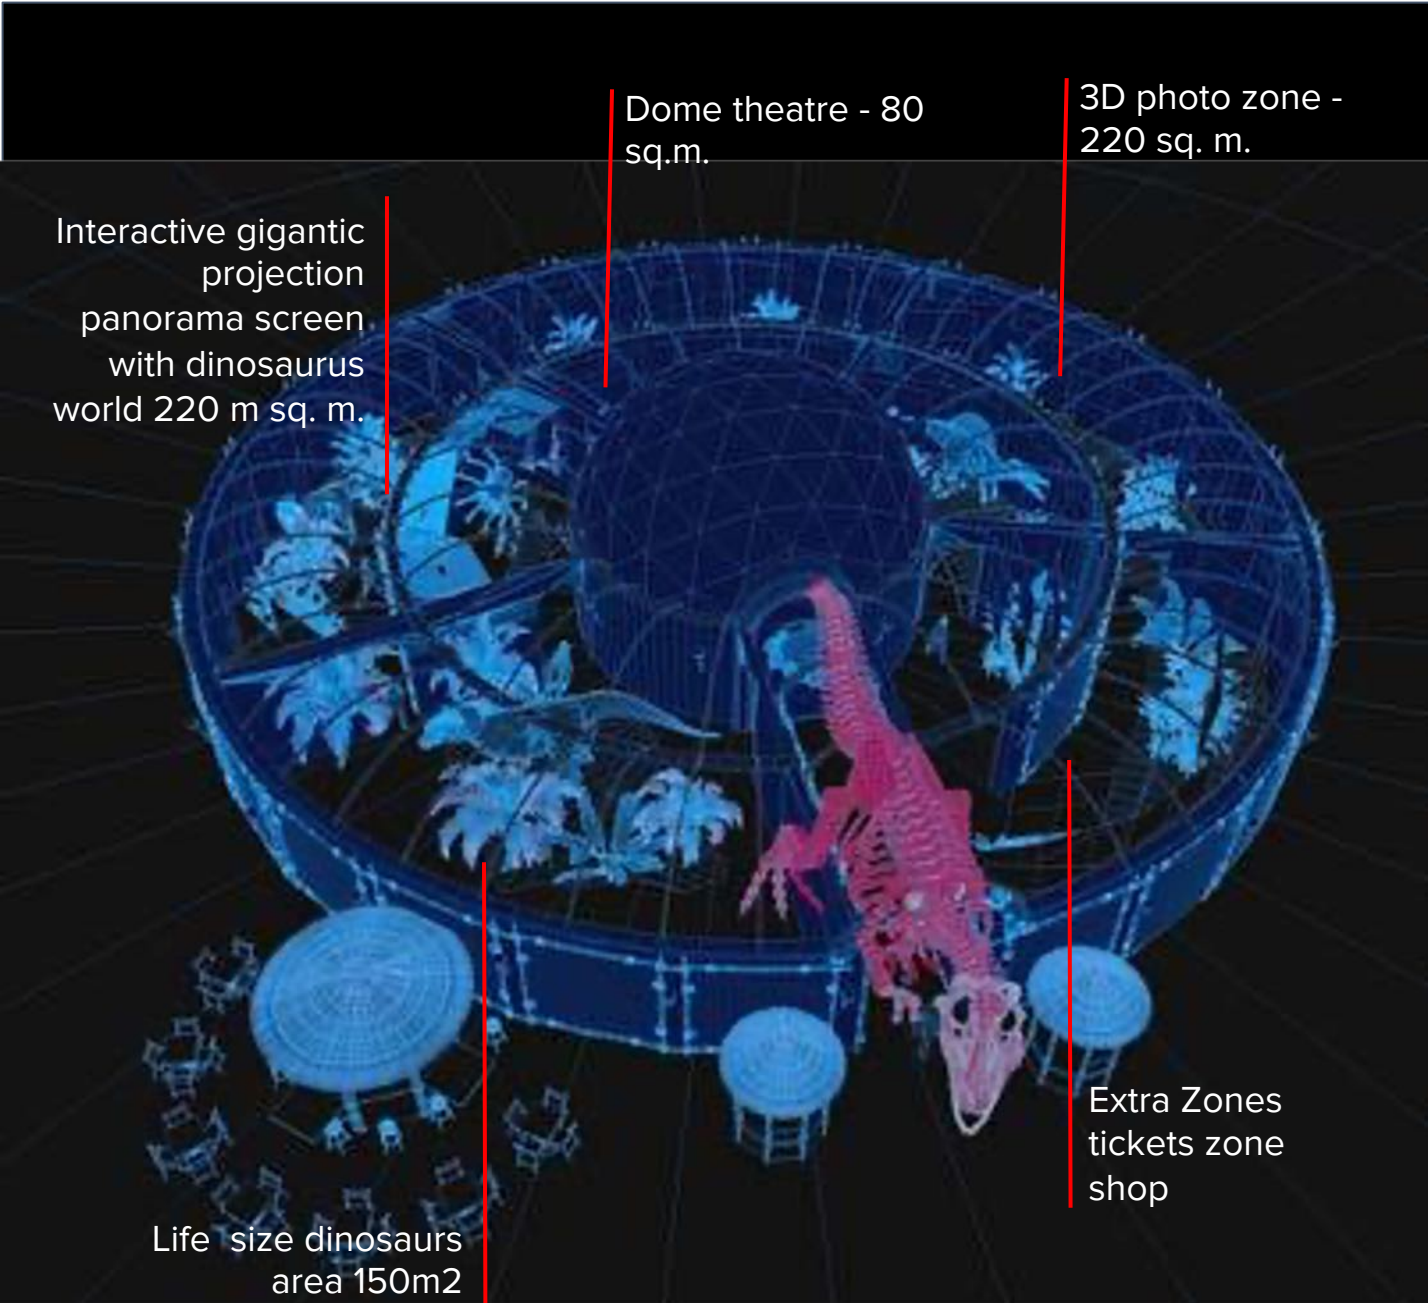

# THE DINO PLANET

Some of the 3d projections are so lifelike it feels like the Dinosaurs are actually in the room with you. Everything happens with bleeding edge technology and advanced computer animation.

The attraction offers plenty to look at, and when you're tired of being thrilled, you can take a break at the Dino themed café. Once you've rested, it's time to shop some DINO stuff in the small shop nearby. Get ready for an all new experience, its unlike anything you've ever seen!

Interactive gigantic  
projection

# THE DINO PLANET TECHNICAL SPECIFICATION

## Construction:

site area – minimum 0.65 ha

(R minimum 15m – 710 m2);

dome seating capacity – 45-50 seats;

total capacity at a time – minimum 200 people

total capacity a day (10 working hours) – 2000  
people a day

dome diameter – 10 m;

projection screen type – aluminum/vacuum  
shell;

construction height – minimum 7 m;

type of construction – aluminum/steel  
structures and fabric/plastic shields.

# THE OCEANARIUM

Ocean World invites visitors to experience the incredible diversity of aquatic life.

This digital state-of-the-art interactive attraction is inspired by our rich variety of marine life and its natural environment.

The cutting edge projection technologies unlock the mystery of the marine world and highlight some of the most amazing species and some of the threats they face.

Take a break from the hustle and bustle of everyday life and immerse yourself in this fascinating underwater wonderland.

# THE OCEANARIUM

See a variety of plants and animals such as starfish, sea horses, rockfish, giant octopus, colorful corals, dolphins, sharks, seals, sea lions, whales, stingrays, crabs and clown fish.

You might be surprised by how much color and life exist in these waters. The interactive digital “underwater” tunnel allows visitors come face-to face with life underwater filled with thousands of aquatic species. Many more animals are still being discovered.

The Ocean World is an environmentally friendly complex that has an updated lifelong database which helps protect our ecosystems.

# THE OCEANARIUM

Be amazed, engaged and inspired by the educational background of the exciting Fulldome ocean ride. The show encourages a sense of responsibility in children and educates them about life below the ocean's surface.

This fun, interactive, learning experience provides more in-depth information on many varieties of marine life for kids of all ages. It's perfect both as a family weekend attraction and an educational learning activity.

Get a closer look at the unique and fantastic digital underwater world in Ocean World!

# THE OCEANARIUM

structures and fabric/plastic  
shields.

# SNOW DOME

Snow Dome is an unrivalled family entertainment complex for an epic Arctic adventure.

It's astonishing how much you can pack into a short trip for all ages and enjoy the beauty of winter to the fullest.

## The Fulldome ride

Your exciting journey starts with the freezing Fulldome ride show.

Kick off the heat with an icy trip across the frozen snow covered scenery. Discover the amazing world of the everlasting winter and festive season. Explore the eternal frost and cold. Admire the unique beauty of snowflakes and awe-inspiring wintry landscapes.

## SNOW DOME

Our panoramic projection screen is certainly a highlight of the attraction. There's an irresistible atmosphere and an exciting bustle of festivity charming villages amid majestic scenery are created with the latest projection technologies.

Find yourself travelling through the heart of the Alps, discover surreal and beautiful landscapes, severe snow storms, glaciers, active volcanoes and giant waterfalls in a true winter wilderness.

There's a breathtaking spectacle of northern lights in all their glory, an experience never to be forgotten. Explosions of iridescent greens, pinks, yellows and blues flash and soar across the night sky in an incredible and surreal display of celestial pyrotechnics. You will be amazed by the snowflakes.

## SNOW DOME

Explore one of the nature's most stunning artistry as each snow crystal is totally unique. Enjoy the magical atmosphere of the Christmas markets where the cosy, welcoming streets give way to bustling stalls and rousing festive cheer. The twinkling lights, the festive music and the aroma of roasted nuts and cinnamon add to the charm.

These most iconic winter journeys are unforgettable from start to finish!

Winter walking zone

Anyone can enjoy winter by walking in our artificial winter walking zone. It's a wonderful way to appreciate the snowy landscapes at your own pace.

## SNOW DOME

Thanks to a machine that generates the snow and the specially designated winter walking paths with ice sculptures you will get the total feeling of being present in this winter wonderland.

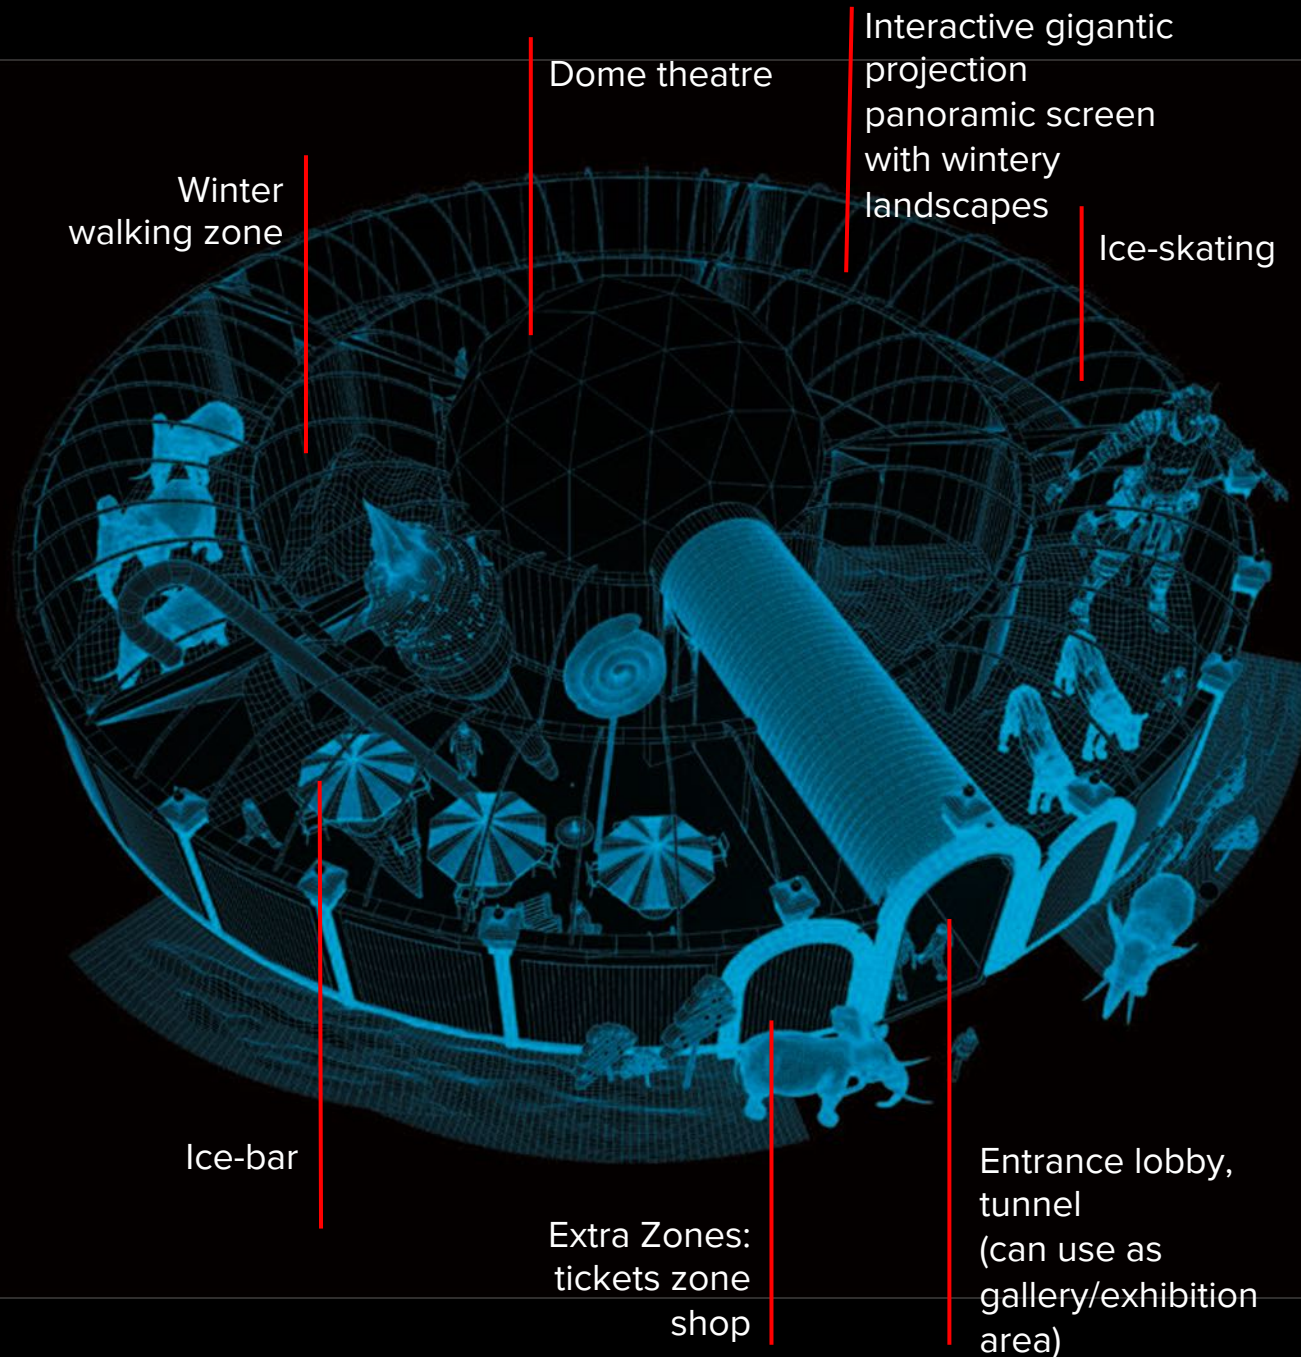

### Ice-skating and Ice-bar

When it comes to winter holidays, ice-skating is the most popular attraction whatever your age.

Skate across virgin snow and ice directly to the Ice-bar for some hot chocolate or a frosty smoothie.

You will end up feeling refreshed and relaxed, and you will have great photos.
